

MAX IV SP

for Z34 FAIRLADY Z

New generation sports suspension which brushes up the ride comfort in both street and sports use.

Mono Tube	30-way Adjustable Damping	Shock-body Length	Special Oil	PNE Coating	M-shaft
Aluminum Bracket	Pillow Upper Mount	Spec Change Available	Overhaul Available	1 Year Warranty	

■ Feature

- This suspension kit is designed for high-grip radial tires which can be used on circuits.
- It is common to use a specially shaped spring for separated rear spring suspension. A wide range adjustable straight coil spring is used in this set up.
- Suitable damper setting reduces unnecessary movement in sports use, which also improves drivability and create more grips on tires with fast response in cornering. Smooth and firmly feeling is defined in this set up.
