

Super Turbo Muffler

HIGH PERFORMANCE
EXHAUST TECHNOLOGY

CBA-GVB/GVF IMPREZA 31029-AF008

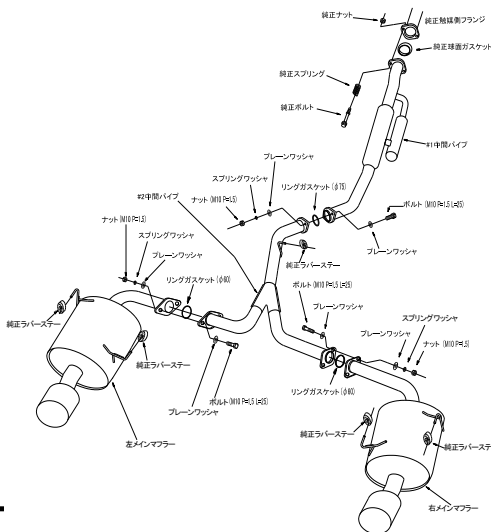

It's not just the power and quietness !

The muffler sound will not bother people inside car, but once you put the gas it will have sporty sound.

This is the ideal muffler shape!

The φ 75 without the throttling and straight design gives big power and low exhaust pressure and still comfortable sound for the inside of the car.
